Too much death and not enough healing...

Praying the Leper's Prayer (Luke 5:12-16)

1. Leprosy was a disease of extreme isolation, radical exclusion and absolutely no touch.

- **Jesus touched the untouchable**
- **Jesus communicated in the most dramatic way possible a message of inclusion**
- **Touch is powerful**

2. Dealing with the labels (Unclean! Unclean!)

- **The church is called to be the hands of Jesus for a world that desperately needs to be touched.**
- **There was more than physical healing going on as Jesus touched and cleansed the leper.**
- **We can't remove our own labels. We need the body of Christ to help us.**

3. Praying our own version of the leper's prayer: "Lord, if you are willing, you can make me clean." (you can heal me, remove my label)

- **We need to personally pray that prayer.**
- **We need to be the healing hands of Jesus.**

Community of Healers (Luke 5:17-26)

1. Obstacles to healing.

- **Personal weakness**
- **The crowds that literally blocked the door**
- **The religious skeptics/gatekeepers**

2. The faith, perseverance, boldness and creativity of the friends.

- **Do whatever it takes to get to Jesus**
- **The community of faith**
- **The community of healers (Eph. 4:16)**

3. There is more than physical healing at work.

- **Jesus goes after the deeper issue of forgiveness of sins**
- **Jesus separates the sin/sickness issue**
- **Jesus challenges the beliefs of the day**

4. The hard realities about sickness & healing:

- **No formulas – every healing story is different**
 - **Jesus never blames the person in need of healing**
 - **Jesus isn't asking (or answering) the 'why' question**
 - **There always seems to be something deeper/more profound going on – physical healing isn't the ultimate goal**
-
-

5. Jesus is making the outrageous claim to be God in the flesh.

- **Forgiving sins is a clear claim to Divinity**
- **Jesus proves his claim through physical healing**

Jesus is willing *and* able to heal *and* consistently goes after something more important than physical healing. I don't know why you are not healed.

Things to Think About:

- **What's more important – the forgiveness of sins or the ability to walk?**
 - **What's more important – nice healthy skin or inclusion in the Kingdom of God?**
 - **How will you practice radical touch and radical inclusion and radical re-labeling?**
 - **Are you in need of healing? Are you in need of having a label removed? Follow the example of the leper - in faith and in boldness come to Jesus and pray the leper's prayer.**
 - **We are called to be a community of healers for those who can't get to Jesus on their own. Is there someone you know who needs your help?**
 - **Sometimes we need a community of healers to help us. Would you let us be that community for you?**
